

Covering Checks Sharp Reaction In Cotton Market

Private Crop Reports Fail to Show Normal Deterioration for July; 25 Points Lower at Extreme Level

The cotton market again was influenced by favorable crop news and made further losses yesterday amounting at one time to 25 to 26 points net lower.

Everything thus far only tends to confirm the impression that has been prevailing since the beginning of the season.

The local market for spot cotton was quiet and 1 1/2 points lower at 33c for middling No. 2 cotton reported.

At the close of the market the near month was 1 1/2 points lower, while the late months were up 1 point.
